## Day 2 – Mosi-oa-Tunya NP and Victoria Falls

Guess what? Livingstone's Mosi-oa-Tunya National Park is home to Square-lipped Rhinos, also known as White Rhinos! Early in the morning, while it's still nice and cool, we'll hit up the national park for a walking safari. It's a fantastic opportunity to experience nature at ground level, check out some tracks, and chat about plants and their uses. Our mission? Get up close to some White Rhinos. After this active adventure, we'll chill out with a picnic by the river.

And of course, a visit to Livingstone wouldn't be complete without witnessing the majestic Victoria Falls, and that's exactly on the agenda for the afternoon.

Accommodations? You'll be resting your head in comfy rooms. As for lunch and dinner, you're the boss of your own accounts. 🦁🌳

Accommodation: in rooms or chalets at the lodge

Mealplan: B&B

## Day 3-4 – Southern Kafue NP

Leaving Livingstone, the original capital of Northern Rhodesia, we're heading northward back to the wild. Our destination? The southern part of Kafue National Park, featuring Mopane and Teak woodlands, the Nanzhila Plains, and Lake Itezhi-Tezhi. Keep your eyes peeled for Buffaloes and Elephants! Fun fact: "Game Rangers International" runs Camp Phoenix in this area, a special spot for orphaned elephant babies. Day 4 brings us to feeding time for the little elephants, and we're excited to pay them a visit. Accommodations? Cozying up in our spacious canvas dome tents. 🦁

Accommodation: In 3m x 3m x 2m canvas dome tents with mattress and solar lights

Mealplan: Breakfast, (Picknick-)Lunch, Dinner

Activities: Game drive

## Day 5-6 – Central Kafue NP

Heading a bit more north within Kafue National Park now. This park is like Zambia's wildlife hotspot, the biggest and most diverse. Imagine it's as vast as Wales or Massachusetts. Since we're right within this wildlife haven, we roll on a game drive all the way to the next camp. Picture us crossing tiny creeks, cruising over hills, eyes peeled for any critters and feathered friends. Our camp nestles along the Kafue River, and we'll be chilling in our comfy large canvas dome tents. Day 6? More game drive loops on the agenda! 🦁🚗
