THE JOURNEY

Two weeks for travellers with less time. We drive into northern Kafue, Zambia's oldest and largest national park, where the Busanga country holds buffalo, sable and roan. Then west to Liuwa Plain for four nights among wildebeest, zebra, hyena and floodplain cranes — the old hunting grounds of the Litunga, King of Barotseland. We follow the Zambezi south past Ngonye Falls and finish in Livingstone at Victoria Falls.

HIGHLIGHTS

- Four nights in Liuwa Plain National Park
- Wildebeest and zebra herds on the open plain
- Sable, roan and buffalo in northern Kafue
- Wattled and grey crowned cranes
